 - Option name

Acknowledgements

- I would like to thank all those who have supported and helped me through out my journey in App development, first of all my parents, Mr ken, Clevered, Most especially the mentors,[Mrs mani and Mrs smitha], lastly my group members and friends who partake with me on the site.

- Student's Introduction
- My name is Ayaborsi Ifeanyichukwu christopher, i'm 16 years of age, i reside in Lagos state and i will like to study computer engineering.

About My Internship with Clevered..

- Any photographs from sessions etc.

- My internship experience with Clevered has been wonderful for the past few months and i have earned certain different badges both for submission of assignment and active attendances in classes.

About App..

- App's Main Menu
 - Adventure game using pose recognition
- App's Introduction
 - The app starts when you move your hands in different gestures to enable the sprite to move to the finish line

How do I use the App?

The app has four direction movement, upwards, downwards, right, left, it depends on the direction you move your hands to enable the sprite to reach its destination. When you point your fingers straight, the sprite will move forward, point your thumbs up then it will go right, then downwards, it will go

Option Name

(This will be repeated for each option of the App)

- Screenshot/ Pic of each option/screen of the App

- Steps to use the same
- Any special considerations/ dependencies/risks while using the option
- Without the movement of your hands the project will fail to follow to instructions , so follow the steps on how to position your hands to make the project move.
- Make sure your cameraa is working so it can record the movement of your hands....
